

RESEARCH OVERVIEW

Industry professionals can participate in Cerulli research through either topical research interviews or confidential surveys. In return, participants receive research findings or benchmarking reports for their participation. All information is aggregated to protect the anonymity of specific firms and respondents. Data collected is used across all Cerulli products.

TARGET AUDIENCE

Asset Managers that do business with Europe's Institutional Investors

LAUNCH

1Q 2018

SURVEY OVERVIEW

This survey examines the ways asset managers are responding to the ever-evolving needs of their institutional clients in Europe.

This Initiative Explores these Key Industry Trends

- Key challenges and opportunities working for Europe's institutional investors
- Most popular defined contribution vehicles and strategies
- Impact of insourcing and fiduciary management on the competitive landscape
- Desirable attributes for winning liability-driven investing mandates
