

## What are Interactive Report Dashboards?

As part of your Cerulli report subscription, we are pleased to provide you with Interactive Report Dashboards that allow you to interact with report data in unique ways:

### ACCESS

Access consolidated data from multiple report exhibits in a single comparative view.

### FILTER DATA

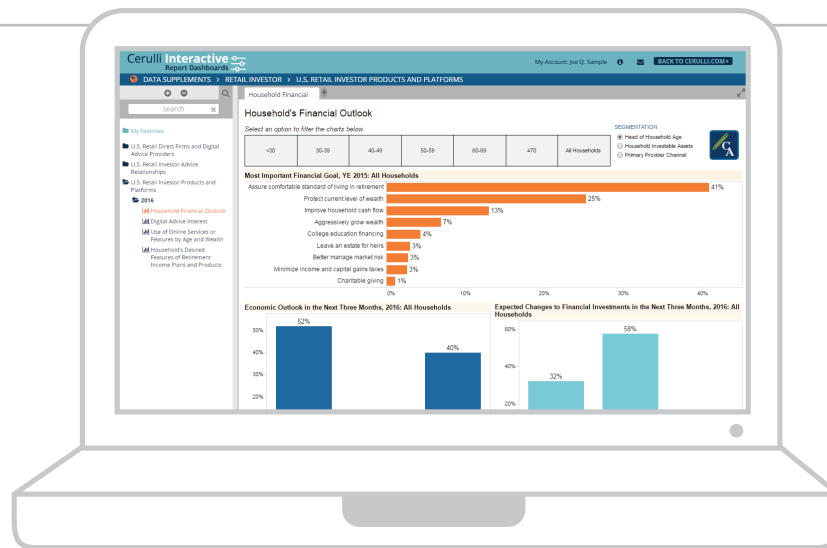

Apply filters to Cerulli report analyses including assets under management, net new flows, product type, channel, year, marketplace, and currency.

### EXPORT

Easily build and export custom charts.

*Export options include; Excel, PDF, or image file.*

## How to Access Interactive Report Dashboards

This service is complimentary and is accessible through our website. Use your unique Cerulli website login credentials, and you will find a "View Interactive Report Dashboards" link to this platform under "My Reports."

**Interact**

**View Dashboard**

You can also jump to related Interactive Report Dashboards in the report PDF by clicking on the "Interact" button shown on the left for reference.

### USER LOGIN
